A Suite Beginning...At the St. Regis New York

Like many of you, one of my cherished pleasures is indulging in the enchanting experience of checking into an iconic hotel in a glamorous city like New York, London, Paris, or Dubai. There's an undeniable fairytale quality to every aspect, from the moment of check-in to the bittersweet farewell at check-out.

And if you're fortunate enough to celebrate your wedding in such a setting, it's truly magical! That's precisely why we chose to shoot Spring 2025 at The St. Regis New York. With its timeless ambiance and unparalleled service, it was the perfect canvas to showcase the grace and classic elegance of this season's collection.

We aimed to capture the intimate moments of our brides-to-be before the vows and festivities begin. As the distant sounds of the city fade into the background, she savors the last moments of singularity. Whether it's indulging in a lavish breakfast in a cozy hotel robe or lounging in a penthouse-like suite overlooking bustling Fifth Avenue, each moment is treasured.

Sipping champagne and reflecting on the journey that led her to this point—the highs, the lows, and the serendipitous twists of fate that brought her to the man waiting for her at the end of the aisle—she finds solace in the quiet, embracing the freedom to be wholly herself.

From dancing in the dressing room to jumping on the bed with the joy of a little girl, she embraces the excitement before stepping into the next chapter of her life. Whether preparing in a storied urban hotel like The St. Regis or dressing in the familiarity of her childhood bedroom, the anticipation and joy of walking down the aisle remain the same.

It's your adventure, your love story, and your suite beginning. Wishing you the time of your life!

DO NOT DISTURB

**“I may not speak French, but I speak
Champagne fluently.”**

She was beautiful, but not like those girls in magazines. She was beautiful, for the way she thought. She was beautiful, for the sparkle in her eyes when she talked about something she loved. She was beautiful, for her ability to make other people smile, even if she was sad. No, she wasn't beautiful for something as temporary as her looks. She was beautiful, deep down to her soul. She is beautiful.

F. Scott Fitzgerald
